Grahanusa 3 Residence, Simboro and Islands Sub-district, Mamuju Regency, West Sulawesi Province.

Fresh graduates of Marine Sciences, who are always expanding experience and knowledge. Knowledgeable person with interest in marine conservation and geographic information systems, such as Coastal development and land use in coastal areas. Also known as an active student and easy to adapt to a new environment. Outside of my major, I have skills using Microsoft Office software and basic programming, such as Html, CSS and Javascript, so I have worked on several simple website projects. Looking for job opportunities that provide opportunities to develop into a professional career.
